## Technical Details

|                                         |                                 |
|-----------------------------------------|---------------------------------|
| SKU or PN :                             | SIS-12                          |
| # of Conductors :                       | 1                               |
| Conductor Gauge Size :                  | 12 AWG                          |
| Conductor Type :                        | Stranded Tinned Copper          |
| Strand Count :                          | 65                              |
| Insulation Material :                   | XLP (Cross Linked Polyethylene) |
| Insulation Thickness<br>(Inches Nom.) : | 0.03                            |
| Temperature :                           | 90°C                            |
| O.D. (Inches Nom.) :                    | 0.16                            |
| Voltage :                               | 600V                            |
| Approvals :                             | UL CSA *Not VW1                 |
| Weight /LBS per 1000FT:                 | 23                              |
| Item Type :                             | SIS Wire                        |
