[Cables for Every Environment™](#)

## Technical Details

|                                      |                           |
|--------------------------------------|---------------------------|
| SKU or PN :                          | 41220ETFE-X               |
| # of Conductors :                    | 2                         |
| Conductor Gauge Size :               | 14 AWG                    |
| Conductor Type :                     | Stranded                  |
| Conductor Material :                 | Tinned Copper             |
| Strand Count :                       | 19                        |
| Insulation Material :                | ETFE                      |
| Insulation Thickness (Inches Nom.) : | 0.006                     |
| Color Code :                         | Black/Red or Custom       |
| Shield (Y N) :                       | Yes                       |
| Shield Type :                        | Overall Foil & Drain Wire |
| Jacket Material :                    | Extruded ETFE             |
| Temperature :                        | 150°C                     |
| O.D. (Inches Nom.) :                 | 0.183                     |
| Outer Diameter (MM Nom.) :           | 4.648                     |
| Weight /LBS per 1000FT:              | 43                        |
| Item Type :                          | ETFE/ETFE Cable           |
