## Technical Details

|                                      |                                    |
|--------------------------------------|------------------------------------|
| SKU or PN :                          | RTD-22-3SHLD-TWI-FEP               |
| # of Conductors :                    | 3                                  |
| Conductor Gauge Size :               | 22 AWG                             |
| Conductor Type :                     | Stranded                           |
| Conductor Material :                 | Silver Plated Copper               |
| Strand Count :                       | 7                                  |
| Insulation Material :                | FEP                                |
| Insulation Thickness (Inches Nom.) : | 0.006                              |
| Color Code :                         | Red/Red/White                      |
| Shield (Y N) :                       | Yes                                |
| Shield Type :                        | Overall Foil Shield and drain wire |
| Jacket Material :                    | White FEP                          |
| Temperature :                        | -80°C to 200°C                     |
| O.D. (Inches Nom.) :                 | 0.115                              |
| Outer Diameter (MM Nom.) :           | 2.92                               |
| Approvals :                          | RoHs Reach                         |
| Weight /LBS per 1000FT:              | 15                                 |
| Item Type :                          | RTD Wire FEP/FEP                   |
