## Technical Details

|                         |                                                |
|-------------------------|------------------------------------------------|
| SKU or PN :             | 11881                                          |
| # of Conductors :       | 8 Conductors                                   |
| Conductor Gauge Size :  | 22 AWG                                         |
| Conductor Type :        | Stranded                                       |
| Conductor Material :    | Bare Copper                                    |
| Strand Count :          | 7                                              |
| Insulation Material :   | PVC                                            |
| Color Code :            | Black/Red/White/Green/Brown/Blue/Orange/Yellow |
| Shield (Y N) :          | No                                             |
| Jacket Material :       | PVC                                            |
| Temperature :           | 75°C                                           |
| O.D. (Inches Nom.) :    | 0.193                                          |
| Voltage :               | 300 Volts (Power Limited)                      |
| Approvals :             | CMR CL3R RoHs                                  |
| Weight /LBS per 1000FT: | 32                                             |
| Item Type :             | Standard PVC Cable                             |
