Cables for Every Environment™

## Technical Details

|                                         |                               |
|-----------------------------------------|-------------------------------|
| SKU or PN :                             | SEOOW-6/4                     |
| # of Conductors :                       | 4                             |
| Conductor Gauge Size :                  | 6                             |
| Conductor Type :                        | Stranded                      |
| Conductor Material :                    | Bare Copper                   |
| Strand Count :                          | 101/26                        |
| Insulation Material :                   | TPE (Thermoplastic Elastomer) |
| Insulation Thickness<br>(Inches Nom.) : | 0.05                          |
| Color Code :                            | Black/ White/ Red/ Green      |
| Jacket Material :                       | Black TPE                     |
| Temperature :                           | 105°C                         |
| O.D. (Inches Nom.) :                    | 0.892                         |
| Outer Diameter (MM Nom.) :              | 22.657                        |
| Amps* :                                 | 45                            |
| Voltage :                               | 600V                          |
| Approvals :                             | RoHs MSHA                     |
| Weight /LBS per 1000FT:                 | 579                           |
| Item Type :                             | SEOOW Non UL                  |

\*: \* Ampacity is based on NEC Table 400.5(A)

\*\*: All data and dimensions are nominal and subject to industry standards and may vary according to plant of manufacture.

\*\*\*: Data is provided for informational purposes and does not create a binding obligation nor liability to the seller. Data can change without notice.
