Cables for Every Environment™

## Technical Details

|                                         |                                                 |
|-----------------------------------------|-------------------------------------------------|
| SKU or PN :                             | VNTC-12/3-WG                                    |
| # of Conductors :                       | 3 + Ground                                      |
| Conductor Gauge Size :                  | 12                                              |
| Conductor Type :                        | Stranded Bare Copper                            |
| Conductor Material :                    | Bare Copper                                     |
| Strand Count :                          | 7 (Annealed Bare Copper per ASTM B-3 and B-8)   |
| Insulation Material :                   | THHN-PVC                                        |
| Insulation Thickness<br>(Inches Nom.) : | 0.02                                            |
| Color Code :                            | ICEA Method 1 - Table E-2 or Black and Numbered |
| Shield (Y N) :                          | No                                              |
| Jacket Material :                       | Black PVC                                       |
| Outdoor (Y N) :                         | Yes                                             |
| Temperature :                           | 90°C                                            |
| O.D. (Inches Nom.) :                    | 0.401                                           |
| Amps* :                                 | 20                                              |
| Voltage :                               | 600 Volts                                       |
| Approvals :                             | (UL) Type TC                                    |
| Weight /LBS per 1000FT:                 | 133                                             |
| Item Type :                             | Tray Cable with Ground                          |

\*: \* Ampacities are based on Table 310.15 (B)(16) of the NEC 2014 Edition
