Cables for Every Environment™

## Technical Details

|                                      |                                                       |
|--------------------------------------|-------------------------------------------------------|
| SKU or PN :                          | PLTC-18/12P-SPOS                                      |
| # of Conductors :                    | 12 Pairs                                              |
| Conductor Gauge Size :               | 18                                                    |
| Conductor Type :                     | Stranded Bare Copper                                  |
| Conductor Material :                 | Bare Copper                                           |
| Strand Count :                       | 7 (Annealed Bare Copper per ASTM B-3 and B-8)         |
| Insulation Material :                | PVC                                                   |
| Insulation Thickness (Inches Nom.) : | 0.015                                                 |
| Color Code :                         | Black/White #d                                        |
| Shield (Y N) :                       | Y                                                     |
| Shield Type :                        | Individual and Overall Foil Shield with Drain wire    |
| Jacket Material :                    | Black PVC                                             |
| Outdoor (Y N) :                      | Yes                                                   |
| Temperature :                        | 105°C                                                 |
| O.D. (Inches Nom.) :                 | 0.719                                                 |
| Outer Diameter (MM Nom.) :           | 18.26                                                 |
| Voltage :                            | 300 Volts                                             |
| Approvals :                          | (UL) Type PLTC ITC RoHs CSA FT4 NEC 725 Direct Burial |
| Weight /LBS per 1000FT:              | 273                                                   |
| Item Type :                          | Instrumentation Cable SPOS PLTC Direct Burial         |

\*: \* Ampacities are based on Table 310.15 (B)(16) of the NEC 2014 Edition
